

GISD Materials Pick-Up

(Chick-Fil-A Style)

Hi Tiger Families! We are so excited to get back in action – even if it is different than any of us anticipated just a few weeks ago! As my last communication noted, we are transitioning to remote learning on Monday, March 23rd. For many of our grade levels, this remote learning will start off pretty low-tech (sending home activities and assignments). If we remain closed, we will begin to transition to a higher-tech learning model, once we ensure that all of our students have devices and internet access.

In preparation for this, we are asking for parents (or HS students who drive) to pick up necessary materials this Friday or Saturday. Here is what you will be picking up:

- **Materials** (this might include books, assignments, classroom materials, etc.)
- **Device: iPad (K-2) or Chromebook (3-12)**. We would like for every student to have their own device (not shared among siblings or family members) so we will be deploying iPads to K-2 to anyone without access to an iPad and Chromebooks to any student who doesn't have their own chromebook or laptop at home
- **Band Instrument (6-12)**

In order to minimize health risks **all materials pick-up will be done via Drive-Thru**

To help keep a steady stream of cars coming through the pick-up lines, we're asking families to come during specific windows based on their last name. *If you cannot make your window, just drop a note to the principals and they will set up an alternate time (emails at bottom)

PICK-UP WINDOWS:

Friday: 1pm-6pm

A-C 1-2pm
D-F 2-3pm
G-I 3-4pm
J-L 4-5pm
M-O 5-6pm

Saturday: 10am-2pm

P-R 10-11am
S-U 11am-12pm
V-Z 12-1pm

PICK-UP LOCATIONS:

- **GES:** Elementary Car Line (front of Cafeteria)
**Keep your Car Rider Line # Visible*
- **GMS:** Middle Car Line (by the baseball field)
- **GHS:** Front Door Entrance

Need an Alternate Pick-Up Time? Email:

- cdodd@gunterisd.org – GHS Principal (Chris Dodd)
- cbell@gunterisd.org – GMS Principal (Caleb Bell)
- hhale@gunterisd.org – GES Principal (Heather Hale)

We do need a parent signature for device pick-ups
